The 1982 Senior Football Team had the most successful season of any J.P. senior football team since the early seventies. They finished tied for second place, with a 5-2 record, in an 8 team division. The team won their playoff semi-final over Queen Elizabeth very handily but were defeated by a hard-nosed Salisbury squad in the Division 2 Final at Clarke Stadium.

This was the end of an "era" for the Senior Football Team. We are losing most of our squad to graduation. These are the fellows who have worked together and helped build our team during the last 2-4 years. We wish you the "best" in the years to come.

Congratulations to all the players for their tremendous contribution during this past season. Special thanks are in order to the "super fans" which included numerous parents who always provided us with moral support.

Finally - special thanks to the Assistant Coaches - Greg Lang, Logan Sawchuk, Mark Demeriez, Terry Repka and Rick Baker who spent countless hours scouting, going over game films and in plain terms - preparing the team.

Head Coach  
Al Zelant

The Junior Rebel Football Team finished second in the South Division League standings, one point behind first place; Harry Ainley. Their won-loss record was 4-2. The team qualified for the Division 1 city semi-final against the undefeated (7-0) Eastglen Blue Devils. In a see-saw battle played in the J.P. Bowl, the Rebels prevailed

by scoring the winning touchdown with 17 seconds left in the game (21-20).

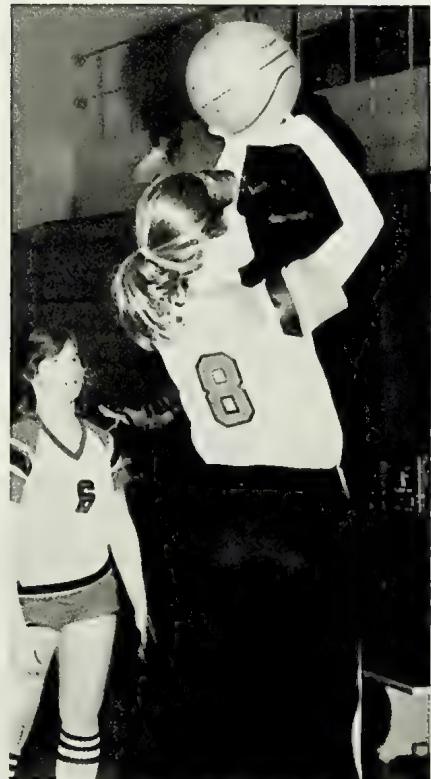

In the City Championship Bowl, played at Coronation Park, the Junior Rebels were not to be denied as they overwhelmed the Vic Redmen 34-6. The memory of that championship night will not be forgotten!

This year's team had a very successful season and the boys should be proud of their efforts. The squad was captained by Gary Kozakavich and Dan Van Leeuwen who both did a capable job leading the Rebels both off and on the court. The 1982-83 Rebels won our own tournament (REB) plus the N.A.I.T. Blue-Gold Classic before Christmas. The boys advanced to the premier conference where they defeated our rivals, the Harry Ainlay Titans by a score of 68-59.

Team play highlighted this year's action but mention must be made of some outstanding individuals. Kozakavich led all scorers and played the most consistently of all members, but was ably assisted by quick forward Ray Wiebe who had an outstanding season. Forwards Todd deHaan, Kurt Williams, and Scott McIntyre rebounded well and were always a force on the court. Van Leeuwen and Suneel Katyal played steadily and gave a good effort.

The Rebels had a good bunch of young players and Curtis King, Tim Anderson, Shane Hunter, and Roger Nyberg should look forward to an outstanding year in 1983-84.

Co-coaches Mr. D. Nicholls and Mr. R. Bjarnason appreciated the dedication of the players and wish them every success in the future.

The Senior Rebels Team used the 1982 season as a rebuilding year. With only one returning player, the team spent a great deal of time working on the basic individual skills and learning new team offensive and defensive concepts.

In league play the team win/loss record was 50%. During the city conference play-offs, the team ended their season playing extremely well.

The team's selection for most valuable player was Gary Zeitner, with Scott McIntyre receiving the award for most improved player.

Next season should bring more tournament play and a fun year for the returning players.

Congratulations Senior Rebels.

With twenty prospects initially trying for a position, we were looking at the possibility of a second team. After entering two squads in our own Rebel Fall Tournament, a decision was made to stay with one.

The team started league play in Division 3 and ended there after three rounds. The Rebels defeated St. Joseph's 3-2 in games to advance to the City Conference semi-finals where we proceeded to end the season.

Note: Of 15 total teams, the top 8 entered the Premier Conference play-offs, while the next 7 participated in City Conference post season play.

J.P.'s newspaper, the Rebel Press is published through the effort of a few hard working and dedicated students. It is hard work because it means hours of writing and re-writing by these students; dedicated because of their determination to publish issue after issue in spite of the work.

Students interested in displaying and practicing their talents in writing, art, and photography are encouraged to get involved in the Rebel Press and use it as an outlet for their interests. The actual production of the Rebel Press is made possible by the co-operation and skill of business education students in setting the type, and graphic arts students in the printing or presswork.

# Yearbook

As editor of the 1982/83 Echo, I had the opportunity to work with some really great people. Of course, being editor did have its drawbacks. I think that if one more person asks me if we will be getting the yearbook in June this year, I'll scream. People, you must learn to be patient.

It's too bad that we couldn't print some of the 'stuff' that we wanted to but we decided that the grade elevens would like a yearbook next year too.

On behalf of the yearbook staff, I would like to thank Mr. Phelps for doing a great job "advising" and Mrs. Lawless and her classes for assisting us in the typing.

Ted Allen,  
Editor.

This year the yearbook staff worked hard to get a Spring delivery on your yearbook. The Echo staff hopes you like the end product. In order to have the yearbook by June all submissions had to be in Winnipeg for printing by March 12. Obviously, much of the school year comes after the submission deadline and therefore there are many events that could not be represented in this publication.

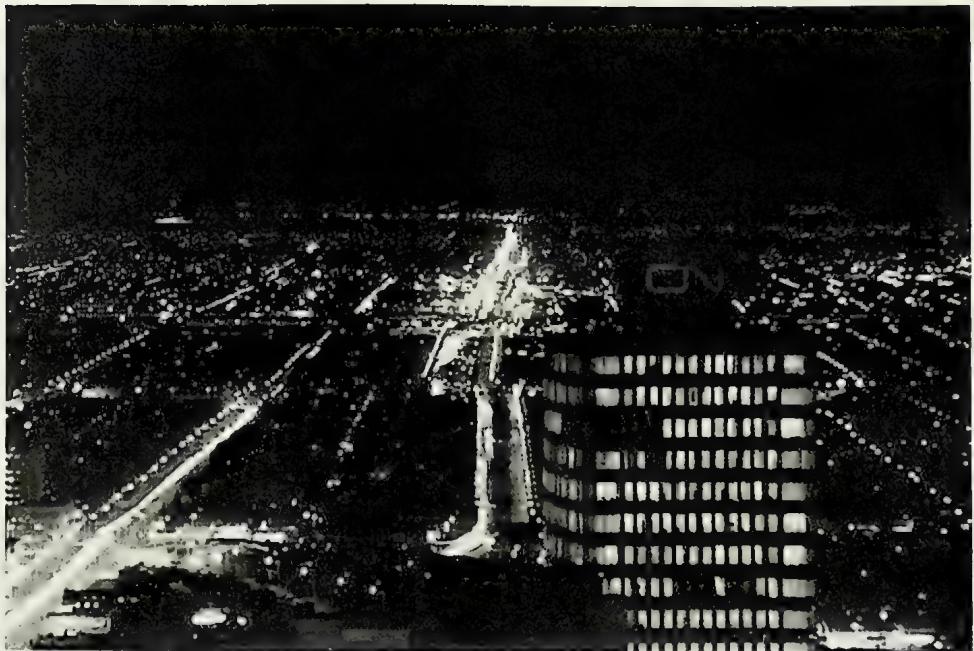

I am extremely proud of our staff this year. They have worked hard and have spent many many hours since September in order to meet our deadlines.

A special thanks to our editor Ted Allen and Sandy Chong. We had a core group of 6 or 8 people who made the '83 Echo a reality. Thank you all!

# Photo Club

The members of the Photo Club range from those who enjoy photography as a pastime, to those who intend to pursue it as a profession. The club has a well equipped dark room in which pictures taken during various field trips, such as our yearly escapade to the mountains, are developed. The Photo Club has proven to be one of the most beneficial clubs and we hope it will continue to be so.

The Bicycle Touring Club is intended to provide a basis from which students learn the fundamentals and experience the rewards of touring by bicycle.

Members tear down, rebuild, adjust, and properly maintain their own bikes, then further prepare for an extended trip by undertaking short day trips around the city and an overnight venture to Elk Island National Park.

The highlighted club activity is a five day ride through Jasper and Banff National Parks in late May, culminating in a soothing soak in the hot springs at Sulpher Mountain. Since no back-up or support vehicle is provided, members are basically "on their own" and must rely on their training and preparations to meet the demands of the situation.

The long slow climbs are more than compensated for by the fantastic scenery and tremendous down hill rides. Touring cyclists are further rewarded by increased physical fitness and a heightened awareness of the vast beauty, scale, and diversity of our natural environment.

## Jazz Choir

This year has been the most successful one yet for the Jazz Choir. They plan to sing at Disneyland in the spring. Hopefully, this enthusiasm and support for the club will continue in the years to come.

# Band

When one thinks of Band, a myriad of images come to mind: bronze and silver machines with springs and valves, weird noises and old, gray-haired band directors with dual hearing aids. If you think this way, you've missed the point.

Instrumental music, as an entity, represents the amalgamation of intellect, motor skills and intense listening. It is not merely fifty people making a particular noise at a certain time. Band is a chance to merge, to become one with your fellow human being. Band is the synthesis of countless subtle tones, harmonies and chords to create art.

# Senior Class Council

It was an honor to be the Senior Class President for the 1982-83 term. I thoroughly enjoyed working with the executive and now I realize how much time, hard work and group organization goes into the planning of Grad Night.

On behalf of myself and the Senior Class Executive, I extend a special thanks to Mrs. Sawyer, Mr. Derechey and Mr. Thresher who without their help, Grad Night would not have been possible. I would also like to thank Lynne Ferguson (Vice-President), Karen Williams (Secretary), Andrew Stephen (Treasurer), Alanna Thorseth (Program Committee) and Debbie Klompas (Band), for all the hard work and effort they have put into making the night a success.

Finally, I would like to wish the best to all the graduates in the years to come and I hope your Senior Class Night is as enjoyable to you as mine was for me.

# Student's Union President

This year's Students Union activities are evidence of the fine qualities exemplified by you, the students of Jasper Place Composite High School.

The Students Union has been proud to act as coordinator of activities planned for your enjoyment and growth. This year I noticed a large increase in participation from the student body. To me, this seems to indicate that people are maturing faster in the aspect of being an individual and doing their own thing.

I would really like to give thanks to my executive which did an excellent job, and the Students Union, for without them all the S.U. activities would of never have been possible. Also many thanks to Miss Campbell and the fine patience of the faculty and administration.

Yes, I will recall the past three years of hard work and trouble, but I'll cherish the thoughts of the great times we've had and the friends I've made.

My wish to you is for a better tomorrow!

Student Council and the students of J.P. had a very busy and successful year. September began with posters, painting benches, and a Friday noon hour Welcome Dance. Student Council was formed and then the year of activities truly began. Spirit buttons were handed out at the first football game of the season and Clubs Day had a good turn out.

October featured half-time Football Challenges (massive tug-of-wars!) with other schools. Halloween saw the annual Pumpkin Carving Contest and the first evening dance of the year. Free ice cream cones went to anyone dressed up for the day.

November and December were months crowded with the adoption of Alex Taylor Elementary School. A Fifties Day dance started the money-raising activities with many individual class projects following soon after. A massive Christmas party was held at Alex Taylor, featuring our own reindeer and Santa Claus. Pictures with Santa were sold and Candy Grams (candy canes) were delivered to the classes.

Valentine's Day brought carnation-grams. February also saw Hawaii come to J.P. - lawnchairs, sunglasses and a noon hour dance.

Activities still to come include a blood donor clinic, community supper, spring dance, and Western Day. Elections in May will bring Student Union activities to a close for another year. 1982/83 was a good year for the students at Jasper Place Composite High School.

## Reach for the

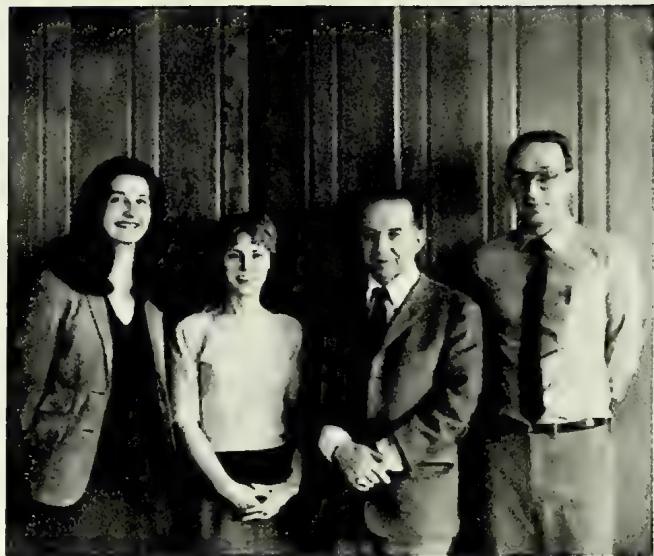

1982/83 has been a successful year for the J.P. Reach for the Top team. They conquered St. Paul, Old Scona, and Austin O'Brian to win their Flight Finals. Then, in the semifinals of the CBC-TV competition, they whipped Salisbury Composite to advance to the Northern Alberta Championship. There, in a long, hard fought battle, they were defeated by Lorne Jenkin, the defending champs of Alberta.

This tournament was also noted for the sense of humor that our team showed in the heat of competition. Kevin Hennig will never again be able to show his face in Calgary after his answer to the question: "Which city is known as Hogtown?" And who will ever forget Rick Haugen and his insightful answer on Women's Fashions. Did you know that ladies stockings are made out of cat gut?

The Reach for the Top team would like to thank Mrs. Chemago, Mr. Nerenberg, Mr. Tichkowsky, and Ms. Hamilton for their help, time and encouragement in preparing the team for competition. A special thank-you is extended to the teachers and students that took time out of their busy schedules to come and cheer on our Rebels.

# Principal's Message

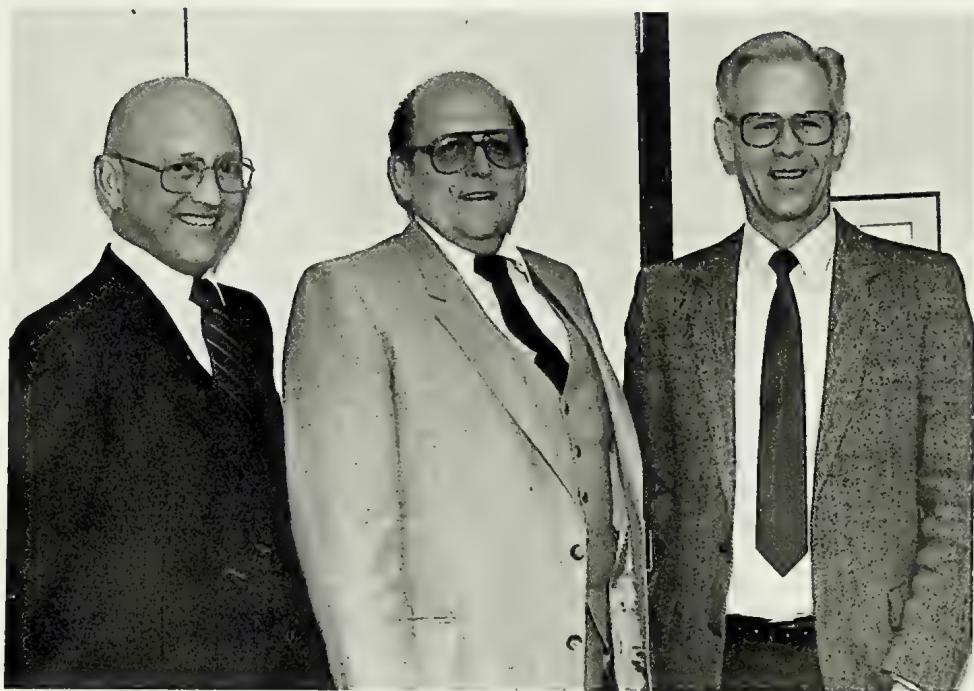

It has been a pleasure to watch the industry of the 1982/83 Yearbook Club. The large number of students who have contributed countless hours to this publication has been an exciting change and I know your fellow students share my gratitude.

Your aim has been to produce a yearbook that truly records the social and scholastic life of the students of this school during the year. Examination of this yearbook proves that you have succeeded. The 1983 Echo will be a personal record for each student - of THIS year and THIS school.

I would like to take this opportunity to express my appreciation to the hundreds of students who devoted so much of their time to the Students Union, clubs, athletic and fine arts program. One cannot help but be impressed as we flip through these pages and see the photographs of the many participants. Their efforts were evidenced by the tremendous successes which were registered in almost every area of activity during the year. I would also like to thank the staff whose cooperation and genuine interest in the welfare of students contributed so much to a successful year. The open-minded and progressive attitude of so many has created renewed community confidence in our school.

To the students who are graduating this year, I wish for you a happy and prosperous future. To the students who will be returning in the fall, I look forward to a bigger and better year for you and Jasper Place.

This is J.P.'s silent army. Each day they work, usually unseen by the general student body, to keep the physical plant of this school operating. General maintenance, clean-up and a host of new duties keep them very busy. It is in no small part, because of these people, that Jasper Place is a pleasant environment to work and learn in.

### HELP ME BE ME

I am growing world.  
I am reaching and touching and stretching and testing  
And finding new things, new wonderful  
Things.  
New, frightening things.  
I'm just growing, world, just now.  
I'm not tall, I'm not strong. I'm not  
Right  
I'm just trying to be.  
I'm a person, I'm me!  
Let me test, let me try, let me reach,  
Let me fly!  
Push me out of my nest (but not too fast).  
There is much I don't know.  
There are things that I want - don't  
Hide me from the sight of the world.  
Give me room, give me time. There  
Are things I'm not frightened to try.  
Let me tumble and spring, let me go  
Let me be. Wait and see ...  
I am growing, World  
Water me with the wisdom of your tears.

C.A. Millard

### HARLEM (A DREAM DEFERRED)

What happens to a dream deferred?

Does it dry up  
like a raisin in the sun?  
Or fester like a sore --  
and then run?  
Does it stink like rotten meat?  
or crust and sugar over --  
like a syrupy sweet?

Maybe it just sags  
like a heavy load.

Or does it explode?

Langston Hughes

## GRASS

Grass is like soldiers

standing in an open field

waiting for battle

whether there is

snow

sleet

rain

or hail

It stands and remains there

and watches

and guards

over all

The wonders and beauties

of nature.

Angelika Fink

He sits there waiting patiently  
and wipes away a tear  
hoping that a visitor would  
suddenly appear,  
someone to say hello  
and greet him with a smile,  
Someone to sit,  
and maybe chat awhile,  
He's wondering just what he's  
doing here,  
what's happened to his family,  
and friends who used to care.  
What crime has he committed?  
What wrong did he do?  
Why was he abandoned  
like some worn out old shoe?  
He's only one of many  
in an oldsters home today.  
And I think it wouldn't hurt  
if all of us would spend,  
Some extra time just visiting  
that relative, or friend.

Janet Thomson

## LOVE

Love is something we all share,  
It shows how much we really care.

It makes us all feel warm inside,  
It sometimes makes us run and hide.

It gives us all a healthy glow,  
It makes our hearts stretch and grow.

It gives us more than happiness,  
It gives us joy and thoughtfulness.

It is softer than the lovely dove,  
What is all this? It is love.

## ADVICE TO THE YOUNG

Keep bees and grow asparagus, watch the tides and listen to the wind instead of the politicians make up your own stories and believe them if you want to live the good life.

All rituals are instincts never fully trust them but study to improve biology with reason.

Digging trenches for asparagus is good for the

muscles and waiting for the plants to settle teaches patience to those who are usually in too much of a hurry.

There is morality in bee-keeping it teaches how not to be afraid of the bee swarm it teaches how not to be afraid of finding new places and building in them all over again.

### Images

Reflections on the pool of life

Shadows of our past

Sometimes triumphs

Sometimes failures

We see the future only when a breeze appears

And ripples the surface

Future images are perforce obscure.

## AUTOMATIVE MINDS

Yesterday is only a memory  
And tomorrow but a dream  
But a day well lived  
Makes every yesterday a happy memory  
And every tomorrow a hopeful dream

## THE PIANO

I sit on the edge  
of the dining room, almost  
in the living room where my parents,  
my grandmother, & the visitors  
sit knee to knee along the chesterfield & in  
the easy chairs. The room is full, & my feet  
do not touch the floor, barely  
reach the rail across the front  
of my seat. "Of course  
you will want Bobby to play." -- words  
that jump out from the clatter  
of teacups & illnesses. The piano  
is huge, unforgettable.  
it takes up the whole end wall  
of the living room, faces me down  
a short corridor of plump  
knees, balanced saucers, hitched  
trousers. "Well when is  
Bob going to play?"  
one of them asks. My dad says,  
'Come on, boy, they'd like you  
to play for them,' & clears  
a plate of cake  
from the piano bench. I walk between  
the knees & sit down  
where the cake was, switch on  
the flourescent light  
above the music. Right at the first notes  
the conversation returns to long tales  
of weddings, relatives bombed out again  
in England, someone's mongoloid  
baby. & there I am at the piano.  
with no one listening or even  
going to listen  
unless I hit a sour note, or stumble  
to a false ending.  
I finish.  
Instantly they are back to me. "What a nice  
touch he has," someone interrupts  
herself to say.  
"It's the hands," says another,  
"It's always the hands, you can tell  
by the hands," & so I get up  
& hide my fists  
in my hands.

# Mr. Maskell

At the age of 27, Mr. Maskell enrolled in the Faculty of Arts at the University of Alberta, intent on becoming a teacher. Upon obtaining his degree, he began teaching business education courses here at J.P. in 1969. One of the things that past students remember Mr. Maskell for is the Bon Marche, which he ran while working here. Then, in 1978, he left for Victoria Comp. and the job of assistant principal. In the fall of 1981, he returned to Jasper Place as our principal.

But before his education career began, he worked as a baker and as a railroader. He started at the age of fourteen as a baker but later left for a job at the Northern Alberta Railways, where he worked for ten years.

As principal of Jasper Place, Mr. Maskell acts as an administrator, an advisor, a disciplinarian, and as a manager of finances. But it's not all hard work and no play. He is a prominent figure in the extracurricular activities of the students. He can often be seen enthusiastically cheering on the Rebel teams at their games, at home and away. This is the part of his job that he likes the most; the one to one involvement with the students in all areas of the school. And it is through his active involvement with the students that he has become an immensely popular personality.

A relaxing hobby that Mr. Maskell enjoys after a hard day's work at school is cooking and experimenting with different recipes. His favorite food is Chinese cuisine. When he's not in the kitchen, he often collects piano rolls for his antique player piano. He also plays the clarinet and accordion.

Since Mr. Maskell has arrived at Jasper Place, many changes have occurred and all have been for the better. He is a versatile man after whom we hope to model the school.

# A Friend Is Leaving ...

Mrs. Mikkelsen will have spent 20 years at Jasper Place when she retires this June. During this time she has helped numerous students obtain their Alberta Beauticians License. The high standards she has set over the years, are reflected in the training program she offers and the many students that have benefitted from her instruction.

Born in Austria, Mrs. Mikkelsen graduated from high school in Prague, Czechoslovakia where she was raised. Then, returning to Austria, she trained as a beautician and cosmetologist until she immigrated to Canada in 1955. She then worked as a beautician and acquired two beauty salons, which she sold in 1963 when she enrolled in the very first class of Vocational Education at the University of Alberta. Upon obtaining her Bachelor of Education degree in Vocational Education, she immediately began teaching at Jasper Place Composite High School, and has remained in her position ever since.

Vocational Education, and in particular, the Beauty Culture Program, has greatly benefitted through the service of Mrs. Mikkelsen, and she leaves with the admiration and respect of her colleagues and students.

Good Luck, Mrs. Mikkelsen in all your future endeavors and thank-you for all that you have done for us.

# Constable Bernie Wilde

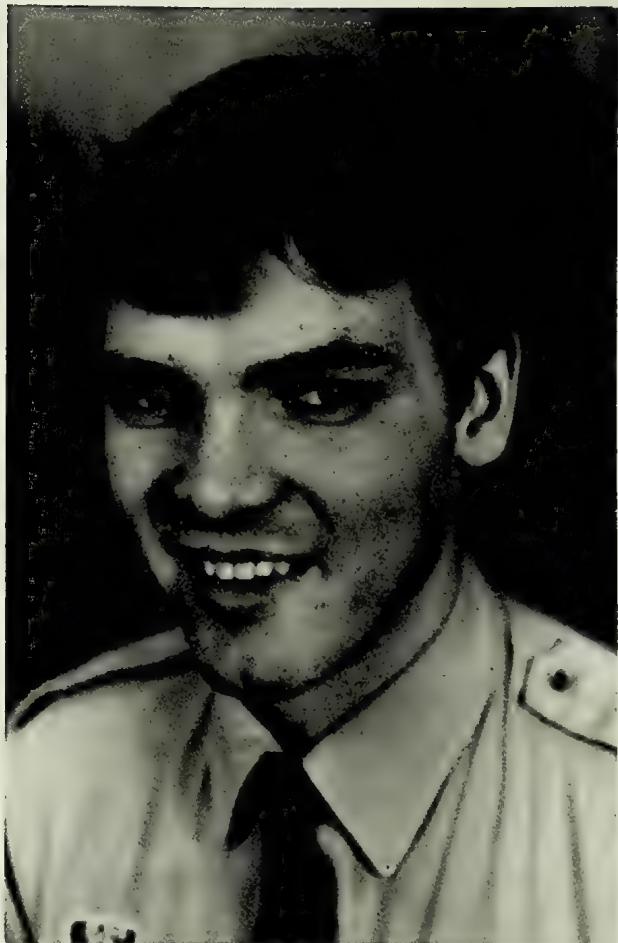

This year, J.P.C.H.S. became involved in the School Resource Officer Program. This program, offered by the Edmonton Police Department, is aimed at improving "student-police" relations, as well as positively reinforcing the attitudes of students in respect to matters concerning the law and police. And it was this program that brought us Constable Bernie Wilde.

The son of a Baptist Preacher, he first joined the Edmonton Police Force on April 3rd, 1978 and after working for four and a half years in other areas of the police department, he requested to join the school program. His hobbies include skiing, music, hockey, and football. Constable Wilde is also married (sorry girls).

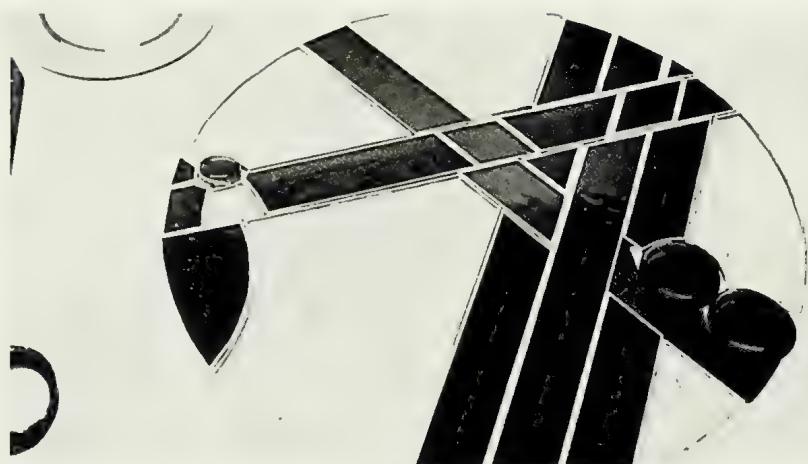

Constable Wilde became involved in the school by conducting classroom lectures about law, police work and a variety of other subjects. But it was through his active involvement in extracurricular events such as sports, that he met many of the students personally.

He finds this job both challenging and fun because of the relationships he can now build with the students on a first name basis. The job also gives him a chance to dispel the misconceptions that many teenagers harbor about police officers. Another facet that Constable Wilde finds particularly agreeable, is that it offers him a regular schedule so that he can sleep at proper hours. Yes, Virginia, Police officers do need sleep!

The School Resource Officer Program was a new experience for J.P.C.H.S., but it was a successful one. Many students and staff now have a better understanding of the law and of police functions. Constable Wilde wishes to thank the students and staff for making this year an enjoyable one for him.

# Arts Center

A stained-glass hanging.

1982-83 marked a year full of many new and exciting projects for the Art Department. Our proposal to establish a JASPER PLACE ARTS CENTER within the school was accepted by the Alberta Department of Culture and we were awarded \$2500 for its construction. Our purpose in establishing the Center was to give students, staff and parents the opportunity to view a wide variety of artistic endeavors which take place in our school, as well as to participate in sponsored activities. Throughout the year, the Arts Center offered a series of arts and crafts workshops, exhibits and brought in guest speakers, artists and performers for the enjoyment of the whole community. Art 20 and 30 students contributed to the "SCHOOL BEAUTIFICATION PROGRAM" by brightening our halls with murals. They were also responsible for the 4 murals presented to Alex Taylor School for their cafeteria.

# Alex Taylor Christmas Party

Jasper Place Composite has developed a new image in the eyes of the community this year. This new image developed through a program known as the Alex Taylor Project.

The Students Union of Jasper Place gives profits each year to organizations of different kinds. This year we decided, what better way than to help a fellow school through difficult economic times.

It started out with an assembly where Alex Taylor's hand bell and choir performed. They were greeted very warmly and after a wonderful performance, it ended with a standing ovation.

Many wonderful things were done through the year for Alex Taylor. I think it could be said that every student did something for our sister school.

Thanks J.P. for making this project a great success!

Karen Fink

This was the year of "Wilde" changes.

Constable Bernie Wilde brought the presence of Edmonton's finest to J.P. on a permanent basis. Contrary to popular belief, his job is not to protect teachers or harass students -- he is here to provide information, and act as a liaison between the law and ourselves, or so he says ...

Who says people only smile with their lips? The ability to smile has definitely evolved over the years to include; the "cutsie" feminine smile (feminine, because we males must keep our image macho) to the "rugged" masculine smile (masculine, because a mere tightening of the lips and a brief raising of the eyebrow suggests

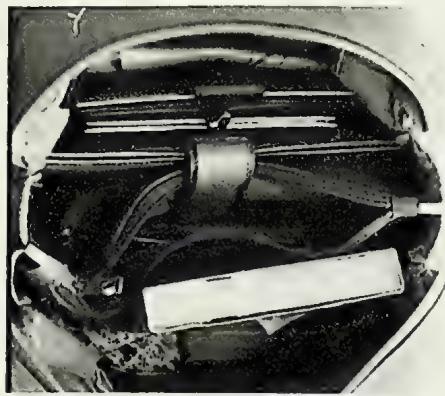

elation in some males).

The smile is certainly not unique, but the types of smiles people have, could be considered such. The large vulgar smile is something we as Canadians may not be familiar with. Usually this smile is more common in South Georgia - here in Edmonton in the deep of winter our lips would stick to our teeth and

gums.

Another type of smile is the half smile. The half smile is when you simply lift one side of your upper lip on either the right or left side of your mouth. Perhaps your teachers consider this a snicker - be careful. This is also less common in Ed-

monton because of the changing winds. If you are not familiar with the changing wind phenomena, ask your grandmother. Grandmothers say if you make a face and the wind changes you'll remain that way until you pass on.

Speaking of passing on, this

brings me to the last type of smile - again being unfamiliar to most of us who have not passed on. People lying in satin plush boxes have the inevitable smile of sleep. This may also be observed by T.V. watchers. Newscasters have the exact same type of smile when the producer forgets the commercial break. Here the newscaster improvises 10 to 20

seconds with a deathly smile aimed at his wonderful producer.

So, you may smile often or never but whatever you do, do smile; not because I suggested it but think of poor Bill Cosby trying to make us all smile. I see that glimmer!

Disgusting

It just so happened this year that  
...  
Tylenol killed more than just the  
pain.  
Visine got more than just the red  
out.  
Trades and Services is now High  
School Prep.  
J.P.'s decreased population

increased.

"The Miracle Worker" en-  
tertained all.

Grace Kelly collided with fate.  
John Belushi stopped making us  
laugh.

Natalie Wood didn't float.  
Henry Fonda found another  
golden pond.

Ingrid Bergman, William Holden  
and Brezhnev were out of this  
world.

Prince William was born.  
Garfield, Smurfs, E.T. replaced  
Mickey Mouse, The Muppets and  
G.I. Joe.

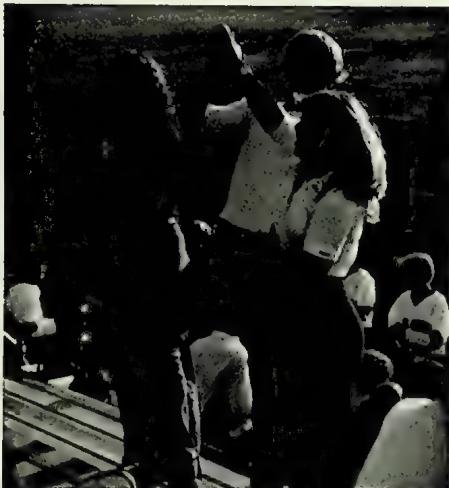

Mini skirts and leotards returned.  
Packman took a dive.

Just to set the record straight, yes, the Jasper Place Wrestling team did deal the Harry Ainlay its first loss in 5 years of Titan domination. J.P.'s victory is probably due to the

dedication of the wrestlers, evident in their practices, and the confidence displayed at the meets. Could this possibly be the start of a new era in high school wrestling?

Once again J.P.'s school spirit shines through. On December 8, 1982, our adopted school, Alex Taylor was presented a cheque for over \$500.00 for use towards their nutrition program. This money came from the proceeds of the 50's dance. As well, the Student's Union presented Alex Taylor with a stereo.

Many classes also put forth a great effort in raising funds.

Mrs. Ewasuk's class had its popcorn blitz and Mrs. Sawyer's English 30E class issued challenges to other classes to raise money. This added to the moneys presented to Alex Taylor.

The sign says Rm. 180, Bon Marche, but most of us just call it the Bon. It's a place where you can get most anything; from a small Pepsi to a package of pantyhose.

In existence since anyone can remember, the Bon migrated from

the Beauty Culture area to its current site in the early 70's.

Under the guidance of Rose Tallas and Mr. Derechey, the store gives the Marketing 20 students valuable experience in operating a business.

These above are just a few of the many clubs available to the Scholars of J.P.

Every year, students and teachers alike plan to show their displays of

their clubs for Clubs Day.

These clubs provide students with fellowship and how to work with others. Also, these clubs can teach a student skills and discipline in a variety of ways. They give the students an opportunity to develop a sense of accomplishment.

From the time the landing of the first man on the moon happened, computers have played an important role in almost everything we do. So it seems fitting that the place to learn about them is in school. Our school has at present, two types of computers: the Commodore 8032

(PET) and the Apple II Plus.

The computers in the school are used continuously throughout the day, even through lunch hours. During all that time you will find both teachers and students working on them.

Thanks to the students of the art classes this year, the walls of Jasper Place have once more come alive. These fantastic paintings, or murals, are found all over the school. Some are colourful, some striking, and others are just plain out of this world.

They artistically reflect the creativity and talent of the Student Body. In addition, they exhibit the growing spirit within the school.

Here we proudly present a few of the many murals displayed throughout the school.

Who is the best looking boy and girl in the school?

Beauty is said to be in the eye of the beholder and since there are 560 students in Grade Twelve, there are 1120 eyes watching the

opposite sex. So it's not surprising that we received an overwhelming variety of replies. Of course, we are unable to print all of them, but it is safe to say that there are a lot of good looking people at J.P.

The top three males are: 1. Constable Bernie Wilde 2. Gary Kozakavich 3. John Bykowski.

The top three girls are: 1. Tracey Theaker 2. Karen Fink 3. Miss Flak, Becky Phipps.

The students at J.P. don't come to school just to learn, (even though most don't learn much anyway. HA HA!), they come for the activities. This year's favorite activities were: Sports, with everyone's favorite, — — —, running a close second, and Partying third. Speaking of parties, the majority of J.P. Grads must have gone to the same party and had a terrific time because none of them can remember it. Honourable mentions go to: Grandma's 85th birthday party; Roman Toga party at the Lobstick Hotel; and the NDP.

We have all had moments that have left us red in the face and others that have just tickled us pink, so sit back and enjoy some of the most embarrassing and favorite moments of the grads.  
**EMBARRASSING MOMENTS**

Sneaking out the window in Bugs 30 and ripping my pants.

Scheme-a-Dream Gorilla and a singing telegram on my birthday.

Falling into the lake at Elk Island Park in Bugs 20.

Getting thrown into the gym, nude, during a girls' volleyball game.

Wearing a "follow me to Vegreville" sign down the hall.

#### FAVORITE MOMENT

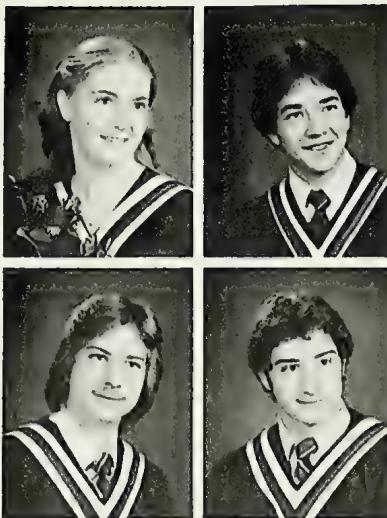

Seeing Kelly MacPherson drunk.  
When Kelly MacPherson tripped in jock hall.

Deciding not to take Chemistry.  
(I had Miss Flak for 2 years).

Dragging with Keith Bobey coming back from Franklin's.  
I'm still waiting for it.

Excuse me, but I think the MAN is supposed to lead!

If you see someone staring off into space, you can be sure that he is dreaming of his most exotic fantasy. Here are some of the more interesting (and printable) fantasies of the grads.

To go to a tupperware party.  
To be frisked by Bernie Wilde.  
To have Mr. Stringham belly dance in a grass skirt at my

wedding.

To win a shopping spree at Army & Navy. (every girl's fantasy).

To go to Hawaii and drink exotic drinks out of coconuts until I pass out.

To be locked in the Math wing with Mr. Sjolie for a month.

To be thoroughly searched by

Constable Bernie Wilde.

To be the first female photographer in the Oilers' dressing room.

To be the first female physical therapist for the Edmonton Oilers.

To eliminate Koo Stark and marry Prince Andrew.

To graduate.

In our endeavor to conquer the mysteries of education, we have gathered vast knowledge and wisdom.

Each year, the graduating students are asked to impart with some words of wisdom to the young and foolish, who have yet to encounter the "joy" of Grade Twelve. So here are some inspirational thoughts from the

#### "Great & Wise".

Always laugh, (it drives them nuts).

Pick the firing squad, it's better.

Get out while you still can.

Sit next to someone smart, like Kevin Hennig, during tests.

Better to fail a final, than to stay home on a Friday or Saturday night.

Don't drink the water.

Don't get an Iroquois haircut.

Save your spares for Grade Twelve. You'll need them.

Be prepared for testy-poos.

Take Tylenol.

Go for it!

Don't take Bugs 30.

Bribe the teachers, it helps!  
Do what you want, just don't  
get caught.  
Eat, drink and be merry!  
Skipping makes the year go by  
faster.  
Don't touch pig hearts.

The existence of the world will  
undoubtedly depend on the close  
harmony of the people of the  
world. Don't throw things out of  
synchrony by condemning your  
own flesh and blood. Love is like

P.H.O.E.N.I.X.

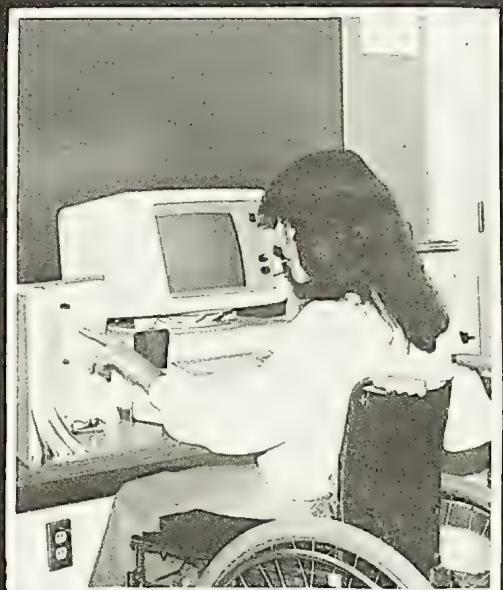

PROGRAMS FOR HANDICAPPED  
OCCUPATIONAL EDUCATION NURTURING  
OF INDIVIDUAL EXCELLENCE

# A BEGINNING

P.H.O.E.N.I.X. is a non-profit organization for the high technological training of physically handicapped adults. Currently, there are no existing high technology institutions in Canada which provide individualized training and employment placement for this target group. The goal of P.H.O.E.N.I.X. is to facilitate the physically handicapped individual to become economically independent.

Following 3 1/2 years of research, P.H.O.E.N.I.X. accepted its first enrollment of students in September 1982. Training areas now offered include Computerized Drafting, Computerized Accounting, Word Processing, Microcomputing and Repair of Industrial Instrumentation, Microcomputers and Small Appliances.

Concurrently with training, P.H.O.E.N.I.X. staff is involved in an intensive effort to obtain satisfactory employment for each student who successfully completes the program. Several strategies are utilized to minimize employers' apprehensions and to encourage equal employment opportunities.

We have learned much in our first year of development and continue to adapt accordingly. It has been a challenging year but we firmly believe that P.H.O.E.N.I.X. is fulfilling an area which has been neglected in the past.

# Word Processing

Good-bye typists. Hello word processors. In the 1980's, as the drive to process information quickens, word processors are inevitable. Using the IBM Displaywriter, students learn to process data much faster than a regular secretary.

# Micro-Processing

The students in micro-processing follow a very interesting and challenging program. They are fortunate to be exposed to different computers, so they can become well versed in computer technology. Career opportunities in this field are numerous. The main purpose of this project is to improve intellect and give the student a headstart in the world of computer programming.

Teachers: Mr. King, Mr. Fitzpatrick, Mr. Dafoe.
